Subject: Integration of SAMPANN with UMANG platform –Reg.

It is informed that the SAMPANN system has been integrated with the UMANG (Unified Mobile Application for New-age Governance) platform for enabling pensioners to **fetch their PPO Number and Life Certificate (LC) validity status** through the UMANG portal/mobile application. This integration is aimed at improving ease of access for pensioners, enhancing transparency, and ensuring seamless delivery of pension-related information through a unified digital platform.

All CCA offices are requested to ensure that pensioners are adequately informed about the accessibility of their pension related information through UMANG platform. Necessary guidance may also be provided to pensioners, wherever required, for accessing UMANG portal/mobile application for SAMPANN services. In addition, **widespread awareness and publicity** on integration of SAMPANN with UMANG platform may be undertaken through various means such as display of notices, circulars, departmental websites, social media platforms, pensioner meetings, workshops, help counters, and any other appropriate communication channels to ensure maximum outreach among pensioners. **FAQ document** for accessing SAMPANN services through UMANG portal is also attached for reference & guidance.

This issues with the approval of the competent authority.

DA: As above
